**CIP Code & Title:** 45.0101 Social Sciences, General

**Level:** Bachelor's

**Area of Strategic Emphasis:** None

### PROGRAM DESCRIPTION:

The Interdisciplinary Social Sciences program is designed to provide an interdisciplinary integration of the social sciences for students who are interested in a holistic educational experience. The program offers an opportunity to design a rigorous course of study geared toward individual needs and interests that emphasizes critical analysis of social issues through a variety of paradigms and perspectives.

### CURRICULUM:

#### A. Student Learning Outcomes:

Goal 1: Discipline Specific Content: Social Science Understandings of Issues of Global and Local Significance

- 1a. Outcome: Students will be able to describe basic social scientific concepts and explain their relevance to issues of global significance.
- 1b. Outcome: Students will be able to identify social issues of global significance that can be addressed using the concepts methods, and current knowledge of the social sciences.

Goal 2: Communication Skills: Written Description of Original Research

- 2a. Outcome: Students will be able to clearly communicate the purpose, methods, and findings of social science research in written form.

Goal 3: Critical Thinking Skills: Evaluation and Application of Social Science Knowledge to Issues of Global and Local Significance

- 3a. Outcome: Students will be able to critically evaluate previously published research from at least two social science disciplines and identify gaps in these bodies of literature related to real life issues of global significance.
- 3b. Outcome: Students will be able to employ qualitative and/or quantitative social science methodology in a small-scale research project.

- Students must maintain a minimum grade point average of 2.0 in the major to graduate.
- A grade of C- or better is required in all core courses.
- American Sign Language will satisfy the Foreign Language Exit Requirement.
- Courses used to fulfill the Diversity and Global Context requirement may not be used to fulfill the major core and/or concentration requirements.
- If one or more of the student's areas of concentration require(s) more than 12 credit hours of coursework, fewer than 9 credit hours of coursework will be required in the Diversity and Global Context requirement.

**NOTES:**

- No changes in the State Mandated Common Prerequisite courses.
- Do not anticipate any significant increase in enrollment and the student to faculty ratio post-consolidation is expected to be stable.
